SENTRYSAFE LAUNCHES FIVE DEPOSITORY SECURITY SAFE MODELS

-- New SentrySafe Products Reduce the Threat of Robbery and Internal Theft --

ROCHESTER, N.Y. (March 17, 2009) — SentrySafe, the Rochester, New York-based world leader in residential and small office security-storage containers, announced that the company has recently launched five new depository safes to protect business owners from potential robbery and internal theft. The new front loading depository safes and under counter drop safes are designed to provide immediate deposits and secure storage for cash collections and valuables. All five safe models are equipped with an anti-fish slot or anti-hopper to deposit money throughout the day without having to open the safe each time. The new SentrySafe Depository Safes are being targeted to restaurants, bars, convenience stores, retail stores, churches and not-for-profits.

“As the global market leader in the protective security storage container business for nearly 80 years, SentrySafe continues to provide customers with quality products that fit their specific safety needs,” said Sondra McFarlane, director of marketing communications for SentrySafe. “A depository drop safe will reduce the threat of robbery or internal theft when businesses skim cash registers of the big bills and excess cash, as these safe models are ideal for businesses that make frequent deposits throughout the day.”

The SentrySafe Front Loading Depository Safe models DH-074E (MSRP \$575), DH-109E (MSRP \$625) and DH-134E (MSRP \$680) vary in size and feature a programmable electronic lock with time delay, a relocking device, an anti-pry door, anti-fish hopper, and three or five live-locking bolts. For added protection the security safe includes a bolt-down kit with pre-drilled anchor holes.

The SentrySafe Under Counter Drop Slot Safe models UC-025K (MSRP \$140) and UC-039K (MSRP \$175) vary in size and feature a solid steel construction, anti-fish slot, relocking device, duel key lock a bottom side piano hinge and a bolt-down kit with pre-drilled anchor holes.

--more--

The SentrySafe depository safes are currently available at select Sam's locations and on line at Sam's.com, Walmart.com, Amazon.com, TheHomeDepot.com and Lowe's.com to name a few.

Founded in 1930, SentrySafe is the world leader in offering fire-resistant and security storage solutions for important documents and valuables. A global presence, SentrySafe today produces more fire-resistant chests, files, safes, security storage containers and gun safes than any other company in the world. The company's manufacturing headquarters are in Rochester, NY, and sales operations exist in the U.S., Belgium, Canada, Japan and UK. The company currently distributes products to more than 54 countries worldwide. With the recent acquisition of the Schwab Corporation, SentrySafe now employs more than 600, most of which are located in the company's Rochester, NY, location.

As a leader in the security storage container industry, SentrySafe manufactures quality products available at retail locations across the globe, including Wal-Mart, Target, The Home Depot, Lowe's, Sam's Club, Costco, Sears, OfficeMax, Office Depot, and Staples.
